

MYTH BUSTING— EVENTS AT SEA

When it comes to cruising, there are a lot of misconceptions out there. So let's separate the facts from the fiction with the real deal on events at sea onboard Royal Caribbean®.

VARIETY OF EVENT VENUES

MYTH: There are very limited meeting and event venues onboard a cruise ship.

TRUTH We offer a wide variety of stunning, transformative venues and dedicated conference centers for all gatherings — both indoor and outdoor.

EVENT PLANNING SUPPORT

MYTH: Land resorts offer great planning support, while cruises do not.

TRUTH Save time organizing a program with no need to arrange meals, entertainment, or activities. Our Corporate Event Planning team is here to help!

VENUE & A/V COSTS

MYTH: We have to pay for meeting space and audio-visual equipment just like at hotels.

TRUTH Not on Royal! Basic A/V and venue space is COMPLIMENTARY! Royal Caribbean delivers value to the max.

COFFEE BREAK COSTS

MYTH: Coffee break/set ups will cost the same as a hotel

TRUTH On Royal Caribbean, get your fix with an entire Coffee Break set up including coffee, tea, pastries, etc. for a minimal fee per person.

BEVERAGE PACKAGES

MYTH: All-inclusive resorts include everything, even beverages. Cruises do not.

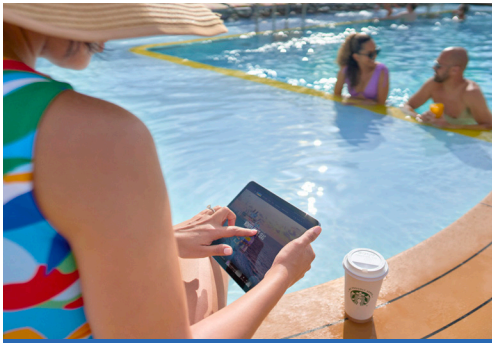

TRUTH We offer a variety of Beverage Packages that you can add to your program. All-inclusive is no problem onboard Royal Caribbean.

CULINARY OFFERINGS

MYTH: Cruise dining is structured — we all have to eat the same food, in the same place.

TRUTH Royal Dining is all about choices. Choose from our main dining restaurant to any of our casual and specialty restaurants - with privatization and buy-out options available.

CONNECTIVITY

MYTH: Attendees need to be connected at all times and connectivity is poor at sea.

TRUTH VOOM®, “Powered by Starlink” is available on the entire Royal Caribbean fleet. Streaming couldn’t be easier.

MULTIPLE ITINERARY LENGTHS

MYTH: Cruises are only 7 days and longer.

TRUTH We offer a variety of different itinerary lengths, including 3, 4, 5, 6, 7 night and longer voyages.

GLOBAL DESTINATIONS

MYTH: Cruises only sail to the Caribbean.

TRUTH Our fleet sails to over 300 destinations around the world — spanning Alaska, Asia, Australia, Canada, Europe, the Caribbean and Bahamas, and beyond.

ENTERTAINMENT & ACTIVITIES

MYTH: The entertainment and onboard activities on cruises aren’t very exciting.

TRUTH Royal Caribbean offers entertainment across stage, water, ice and air. Plus activities like the FlowRider®, RipCord® by iFLY® skydiving and so much more.

FLEXIBILITY & PERSONALIZATION

MYTH: On cruises there are set agendas. It’s impossible to completely personalize a program.

TRUTH Take advantage of restaurant buyouts, private shore excursions, teambuilding experiences and more. Plus enjoy countless branding opportunities.

SUSTAINABILITY AT SEA

MYTH: Cruise lines are not environmentally friendly.

TRUTH We go green on the ocean blue. 85% of the waste onboard is recycled, repurposed, or sent to a waste-to-energy facility.
